INNOVATIVE LIGHTING SYSTEMS

Tagra 2835 - 120 LED's

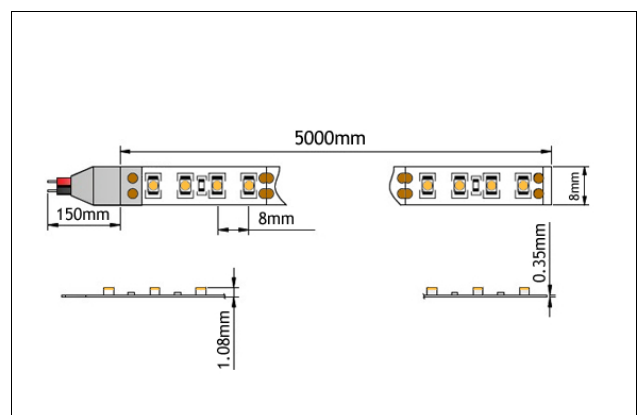

Features:

- High Brightness - Better than 5050 chip
- Grade 'A' LED chip
- Available in IP20
- Ideal all projects, medium to large, shop fittings and more

Specifications:

- Supplied Length: 5 Metres
- Lumens per metre: 2520 - 2640
- LED's per metre: 120
- LED Chip: 2835
- Tape Width: 10mm Insulated PCB
- Colour: Warm (2700k), Natural (4000k), Cool (6000k)
- Power Consumption p/metre: 28.8w
- Voltage: 12v
- Dimmable: Triac, 0-10V Dali, Lutron, Rako, DMX
- IP Rating: IP20
- Working Temperature: -40°C to +50°C
- Base: 3M Stick Back Adhesive (Peel & Stick)
- CRI: <85
- Wire: 2 Core Cable
- Certifications: EMC LVD CE Approved
- Warranty: 3 Years
