FEATURES & BENEFITS

- Our new 30mm Diameter Circular Aluminium Profile is perfect for modern installations. This profile is designed to suspended using our kit to create a stunning light bar effect. 2000mm in length and suitable for LED tapes with a maximum width of 20mm.
- These Aluminium Channels are suitable for housing and protecting our LED strips. They prevent the much unwanted secondary refraction from reflective surfaces and also act as a heat sink which in turn will increase the LEDs lifespan as well as slowing down any brightness degradation over time.
- Suitable for both dry and damp locations.
- Available in bespoke lengths.
