Max Tape Width	24mm	24mm

## FEATURES & BENEFITS

- This versatile channel is big enough to house 2 lengths of LED strip tape and provides enough heat dissipation for even the brightest tapes we supply. This channel is the ideal choice to create modern home and office lighting by suspending it using our suspension cable kit.
- These channels can help to create sleek and completely bespoke LED strip lighting installations and each is available with either an opal, semi-clear or clear diffuser
- Suitable for both dry and damp locations.
- Available in bespoke lengths.
