FEATURES & BENEFITS

- Ideal for a wall mounted coving effect, our 4317 aluminium channel is suitable for housing tapes of 12mm width and below. Perfect for creating an architectural coving finish.
- These channels can help to create sleek and completely bespoke LED strip lighting installations and each is available with either an opal, semi-clear or clear diffuser
- Endcaps and a choice of transparent, semi clear and opal diffusers sold seperately.
- Available in bespoke lengths.
