FEATURES & BENEFITS

- Our new Circular Channel is perfect for modern installations, they can be hung using our suspension kit to create a stunning environment.
- These channels angle the light to 45 degrees, making them perfect when it comes to highlighting product displays or shop windows.
- These Aluminium Channels are designed to house and protect our LED strips. They also work as a heat sink, which aids the LEDs lifespan as well as slowing down any brightness degradation over time.
- Suitable for both dry and damp locations.
- Available in bespoke lengths.
