FEATURES & BENEFITS

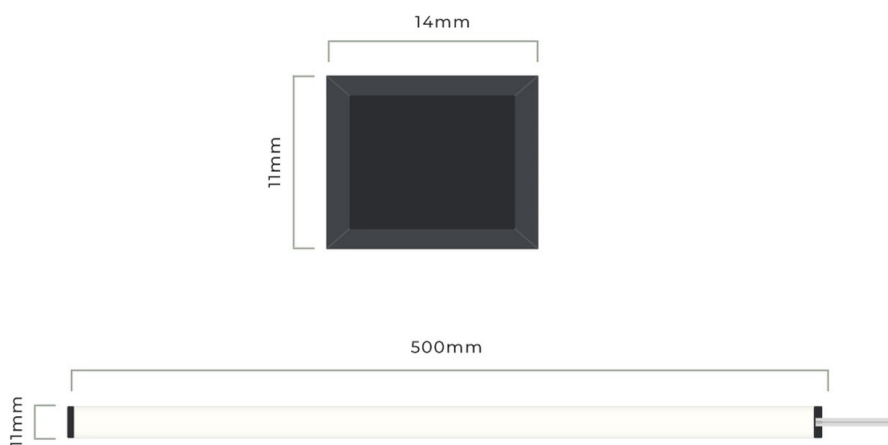

- Surface mounted splashproof light bar. This LED strip light is ideal for installation in Kitchens and Bathrooms thanks to it's IP54 Ingress Protection rating
- High quality, high brightness
- Compatible with Syndeo Plug & Play installation system
- Need a custom length?
We can manufacture our lightbars to your exact specification

DESCRIPTION

Surface mounted warm white splashproof light bar. This 500mm LED strip light is ideal for installation in Kitchens and Bathrooms (Zone 1) thanks to it's IP54 Ingress Protection rating. Featuring plug and play technology compatible with the Syndeo furniture lighting system. Using the 5 ports of the compatible Syndeo driver multiple light bars can be controlled in one system.

Important:

Although this light bar is splash resistant the recommended Syndeo power supply and controller button is not and therefore must be installed outside of Bathroom zones 0, 1 and 2.
