

SKU code	TL-NEON-CW/1M
Voltage	24v
Watts p/m	5.26w
Number of LEDs p/m	96 LEDs
Colour	Cool White 6000K
IP Rating	IP65*
IK Rating	IK08
Lumens p/m	175lm
LED Chip Type	2835 Epistar
Beam Angle	160°
Max Bend Radius	40mm
Max Running Length	11 metres
Cut Points	Every 12.5cm
Material	UV Resistant PVC
Operating Temperature	-20°C ~ +45°C
Lifespan	Upto 50,000 hours L70 50°
Certification	CE, EMC, RoHs, LVD
Guarantee	1 Year Indoor and Outdoor

LED Neon flex is a flexible light tube designed to produce an ambient linear lighting effect. Its durable IP65* body allows for installations both in and outdoors and in damp environments, making it ideal for single use display lighting.

Neon flex can be run in up to 11M using a 24v LED driver. The neon flex is supplied in a 50m drum. We can cut and supply per meter in customised lengths.

Neon can be dimmed using low voltage mains dimming, Dali dimming, DMX dimming and also with an RF controller.

*IP rating is subject to correct installation and only applies when installed by Tagra Lighting.
