Guarantee	2 Years
Dimensions	300mm x 9mm x 9mm

Driver Requirements

1 Metre	> 2W
2 Metres	> 4W
3 Metres	> 6W
4 Metres	> 8W
5 Metres	> 10W

DESCRIPTION

Featuring high quality illumination with a Colour Rendering Index of 80 and low energy consumption, this LED linear light is a cost-effective replacement for traditional fluorescent tube lighting. It can be recessed into furniture for a sleek finish and is easy to install thanks to its compatibility with our Syndeo range: the plug and play furniture lighting system. The robust yet slim design of this aluminium LED light bar is ideal for installation under cabinets and downlighting your kitchen. The high light output and anti-glare diffuser ensures even illumination, making it the perfect source of task lighting for your work surfaces.

Up to 12 of these lightbars can be powered when installed using the recommended Syndeo 24W driver.
