1 Metre	> 6W
2 Metres	> 12W
3 Metres	> 18W
4 Metres	> 24W
5 Metres	> 30W

DESCRIPTION

Surface mounted neutral white light bar with integrated touch sensor. This 500mm LED light bar is ideal for installation under kitchen cabinets thanks to its high colour rendering index and high brightness suited for task lighting. Simply touch the illuminated blue circle on the end of the light bar to turn the bar on and off. Featuring plug and play technology compatible with the Syndeo furniture lighting system. Using the 6 ports of the compatible Syndeo driver multiple touch sensor light bars can be controlled in one system.

Please note: Do not use in conjunction with other sensor attachments or a different type of bar with sensors installed.
