AMBIENT ECONOMY

Utilising 3528 Chips in a traditional 60 LED per M format, our ambient economy tape is focussed on being a cost effective ambient brightness tape that is designed to last.

At 80cri (also available in 90cri) the ambient tape consumes 4.8watt per linear meter. Available in up to 50m. Maximum suggested run 5m. High quality PCB and high quality LED chips ensure a durable long lasting tape ideal for ambient hues bring spaces to life. Available in 12 and 24v Constant Voltage.

SKU code	TL024FW60IP65
