

## PREMIUM PRO BENDABLE

The premium pro is designed for multi-purpose applications. With a 2835 branded chip this is one of the most efficient cost effective tapes we supply. With a 3 year warranty and high colour rendering, it is ideal for working and retail environments where colour representation is critical.

Our bendable version LED can be bent at angles to allow installations around corners without having to cut & resolder or use connectors. Ideal for time saving projects and complex shapes.
